

July 25, 2017

Dear Vijay,

Congratulations! We are delighted to inform you that you have been selected as an official participant for the **ClimateForce: Antarctica 2018 Expedition**, which will be held from February 27 to March 12, 2018. You will join a diverse group of people from around the world who have also been selected to participate in Climate Force's "Leadership on the Edge" program led by Robert Swan OBE, as well as learning exercises led by renowned experts on issues of climate change, sustainability, and energy use. You will also be empowered with tools to implement these ideas and help protect Antarctica, the last great wilderness on Earth.

You will explore the Antarctic Peninsula and gain firsthand knowledge of the continent's fragile ecosystem, experience the unique Antarctic wildlife and observe its magnificent landscape. Your days will be filled with life lessons on leadership and team building, which will help create lifelong relationships with your teammates.

Throughout the program you will learn valuable skills designed to bolster your ability to build and guide successful teams at work, home and in your community. Our guest speakers are experienced in their fields and the presentations will incorporate aspects across various sectors including corporate management, non-profit and academia.

The purpose of this Antarctic Expedition is to engage and inspire the next generation of leaders like YOU to take responsibility for building resilient communities and be sustainable in all aspects of living. It is NOW time for action in policy development and sustainable business generation through the promotion of recycling, renewable energy, and sustainability. We believe that if we get this right, we can preserve the Antarctic together.

Congratulations again. We look forward to hearing from you soon and confirming your place on **ClimateForce: Antarctica 2018 Expedition!**

Welcome aboard.....
